

Stewardship for Grace Cathedral 2017

Hearts for St. Francis

Learn how to
participate

During stewardship season, for every pledge to Grace Cathedral, we will add a heart to St. Francis's stole. The number of hearts will increase as pledges are received, showing the congregation's special love for Grace Cathedral and welcoming others to be a part of it.

If you would like to personalize a heart, here's how:

- 1.** Write how you would like to be listed on your pledge card. Some options are: your full name, your family's last name, or the name of every family member in your home.
- 2.** If you do not want your name listed, that's okay! In that case, you could ask to list "a loving congregant," "anonymous," or "a friend who loves music." If you prefer no listing at all, we will simply add a plain red heart to the stole.
- 3.** If you pledge online, use the online form for your listing, or if you have any questions, about Hearts for St. Francis, contact development@gracecathedral.org.
